## FABULOUS FOUNDATIONS

Why hang on to that has-been foundation you've had for years when the marvels of science have given us more options than ever before?

### ← Cargo Wet/Dry Compact Foundation

Love liquid foundation or prefer powder? Get the best of both with this vitamin-infused wet/dry foundation. For long-lasting, matte coverage apply dry or dampen the sponge for a silky, translucent finish. **\$48.**

### ← Cargo One Base

Makeup minimalists, this one's for you. A two-in-one tool, One Base offers truly comprehensive coverage; it can be worn as a concealer or as a foundation. Essential oils nourish the skin. A cult product that we keep with us at all times! **28ml, \$35.**

### Peter Thomas Roth Multi-Action All-In-One Microdermabrasion

↓ The most effective exfoliant is a careful combination of manual and chemical components. This super scrub clears away dead skin cells and impurities with fine, aluminium-oxide crystals, while AHAs and BHAs resurface below the surface layers. Added phospholipids ensure a plump, happily hydrated complexion. **68g, \$69.**

### ← Joey Fill in Your Time

Apply this pore-tightening, line-filling serum underneath your favourite foundation for a smoother, more refined finish. And for those casual days when you go base free, apply it over your moisturiser for a fresh but still finessed look. **39g, \$45.**

### ← Joey New York 4 in 1 Foundation

This liquid-to-powder foundation delivers on all fronts: it plumps, hydrates, refine pores and boosts radiance. And because we're all so age obsessed, they've tossed in a little marine collagen to battle fine lines. **30ml, \$49.50.**

### ↑ Can't-go-wrong colour

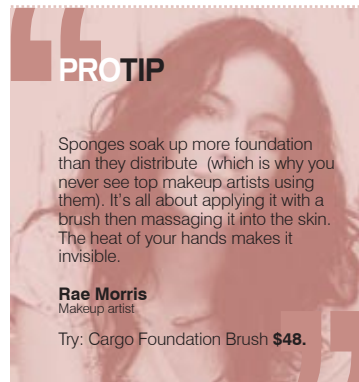

There is nothing more eye brightening, face flattering, or perk promoting than a neutral shade of eye shadow dusted over the lids. Flattering hues like bone, natural, cream, and the palest coffee colours are a makeup-bag must. RESCU recommends:

Cargo Eye Shadow Single in Tucson (matte butter cream), Camel (luminous nude), Santa Fe (matte light taupe), **\$28.** Cargo Eyeshadow Duo in Boise (Cream and coffee). **\$32.**

### ← Joey New York Pure Pores Minimiser Foundation

This oil-free base disguises imperfections without setting up camp in creases and deep pores. If you're an obviously oily type then know that you can rely on this foundation to control unwanted shine. **30ml, \$47.**

## PRO TIP

Sponges soak up more foundation than they distribute (which is why you never see top makeup artists using them). It's all about applying it with a brush then massaging it into the skin. The heat of your hands makes it invisible.
